

# NARNU-YUWA KI-WUNDANYUKAWU MAABAYJ (WEST ISLAND) TURTLE CAMP WEST ISLAND VIA BORROLOOLA, NORTHERN TERRITORY

24–26 Sep • 30 Sep – 2 Oct 2014

Every year, the li-Anthawirriyarra Sea Ranger Unit and Yanyuwa and Mara families invite paying guests to attend our annual turtle camp. Visitors are accommodated in luxury eco tents and can observe ('up close and personal') and participate in Wundanyuka (sea turtle) monitoring and management. Guests may also share in other cultural activities hosted by the rangers and families, or simply kick back and swim, rest or read. All you need to do is get yourself to Borroloola and we will do the rest. Visitor numbers are limited, so contact us now for accommodation options, fees and booking information.

*"Close to my best holiday ever...a wonderful and exceptional experience"*

**NOTE** All li-Anthawirriyarra turtle research is undertaken in conformity with acknowledged standards for the ethical handling of animals. Data collection is secondary to animal welfare and where animals exhibit evidence of distress, they are promptly left alone (and/or attended to if needed) whatever the task to hand.
